

Faith-Based Recovery For America™ is asking to be a part of the solution for fighting the opioid epidemic in our nation.

Faith-Based Recovery For America™ is an initiative formed by RU Recovery Ministries. Its mission is to bring together the faith-based community with local, state, and federal government to form solutions to the addiction crisis that is plaguing our nation.

OUR GOALS

Involve active members of our communities (government, judicial, religious, business, and community leaders) in a joint effort to support addicts and their families.

Influence community leaders and government officials by providing resources and offering solutions that result in legislation and public action.

Inspire through grassroots efforts, that hope and recovery are possible for every American.

OUR EXPERIENCE

- 20+ years experience helping the addicted
- 2,000+ chapters started
- Started local chapters in all 50 states and 33 foreign countries
- 50,000 current clients worldwide
- Recent success responding to the national addiction crisis in the Philippines by assisting Filipino communities launch 800+ chapters in 15 months.

ADVANTAGES OF FAITH-BASED RECOVERY PROGRAMS

- Faith-Based Programs already exist and have years of infrastructure already in place to deal with the National Public Health Emergency.
- Faith-Based Programs are proven economically responsible.
- Faith-Based Programs are community-based.

OUR MOST RECENT EVENT

One of the hardest hit states in this opioid epidemic has been the state of Ohio. In 2016, drug overdoses caused the deaths of 4,050 Ohio residents (ODH). Faith-Based Recovery For America™ recently held a rally on the steps of the state capitol in Columbus, OH to bring awareness to the plague of addiction and to offer solutions to this national crisis.
