*Victory In Christ Awards Criteria:

We reward victory, not necessarily sobriety. Though being sober is a signal that we have gained victory in a particular area of our life, it is not a guarantee that we are living victorious IN Christ. Victory is symbolized by the letter "V". This means that when you get knocked down, you get back up. We will never have complete victory over sinning in this life, but sin should no longer have power over us. Habitual sin is symbolic of sin's power. It becomes an unstoppable behavior and cannot be rewarded by simple attendance. Likewise, we think it unwise to reward this gift for only those who have abstained from all recognizable sins of choice, for there remains sins of conscience, which cannot be detected. Thus, we consider this an award for those just men and women who, when they fall, they get back up again! In other words, victory goes to those who refuse to quit while simultaneously participating in, at an acceptable pace, all parts of the RU ministry. To that end, hearers who are attempting to be doers and refusing to be quitters are the standard for victory.
